JAPAN CLOVER—WHAT IS IT?

MR. EDITOR:—A worthy citizen of our county has intimated that I may do some service to the public by a few words in your paper upon the character and qualities of this new forage plant. From various parts of the State specimens of "yellow Clover," and "Rabbit foot Clover" have been sent me, with an inquiry if these are Japan Clover. It is often a good mode of ascertaining what a thing is, to learn first what it is not.

WHAT IT IS NOT.

Let me say then that Japan Clover is not any plant that has been known more than eight or ten years in this State. So far as I have seen or heard, it is not yet found east of Mecklenburg county, except where it has been sown within two years past; though westward it is extensively naturalized to the top of, and beyond the Blue Ridge. It is not a true Clover with flowers growing in heads upon the end of the stem or branches; nor are its flowers either red, yellow or white. It does not come into flower until Autumn. So that any plant flowering in this part of the State in Spring or Summer is not the Japan Clover.

WHAT IT IS.

Now as to what it is. Its leaves are not unlike those of the "yellow top Clover," wedge shaped, from one third to one half inch long, and about half that width. The main leaf stalk is about one eight of an inch long, much shorter than in the yellow Clover. The flowers, but a few together, grow in the forks of the leaves. They are very small and of a pale purplish color; or whitish, with purple veins. These produce small pods, rather longer than broad. In poor soils this plant attains but a few inches in height; but in rich lands reach two feet and can be cut like Clover.

ITS VALUE.

As to its value as a forage plant, it will probably be of much service to the South, as it grows upon land otherwise useless, and cattle greedily devour it and thrive upon it. But it is only in poor land that I am disposed to recommend its introduction. I am satisfied that when Clover and Blue Grass can be profitably cultivated, they will produce a much heavier weight of forage than can be gathered from Japan Clover within an equal space. Besides, they come into use in Spring and early Summer; while now, the first week in July, Japan Clover is but two to four inches high on the same ground where Clover, Blue Grass, Timothy and others, have gone to seed and been mowed. M. A. CURTIS.

ROMANCE IN REAL LIFE—NARRATIVE OF AN EVENTFUL EXPERIENCE.

[From the Peoria, Ill., Transcript.]

We have the following from good authority, and although not pertaining to the locality, we have no doubt it will prove interesting to our readers:

In the winter of 1865, there resided in Terre Haute, Ind., a Mr. Cook, who had a wife and one child, three years of age.—Mrs. Cook started on a visit with the little fellow to a friend, and while waiting at the Union depot, Indianapolis, was approached by a gentlemanly-looking personage, who after patting and fondling the little boy, asked permission to take him out and buy him some candy. She gave her consent, and the stranger departed with the boy.—The lady waited for his return, but he did not come back. The time for the departure of the train drew near, but still the child could not be found. A search lasting through days and months was unsuccessful in revealing the whereabouts of the missing boy. Advertisements were inserted in the leading papers, and the skill of the detective force was resorted to, but all all without avail. The parents were finally forced to the conviction that their child had either been murdered or had died of grief.

In the year 1867, Clark Conrad, formerly a member of the Second Regiment, Michigan Infantry, was arrested in the Northern part of this State on a charge of breaking open a safe. He was convicted and sent to Joliet. Mr. L. B. Perry, of Pontiac, an old New York detective, hearing of the abduction of the child, had worked the case so far as to lead him to think Conard knew something about the matter. By working upon Conard and promising to use his influence to get him pardoned for the crime of safe-breaking, he induced him to divulge the whereabouts of the child and the particulars of the abduction.

Conrad acknowledged to the abduction, and said it was done for the purpose of obtaining the reward which he supposed would be offered by the parents of the child. When he took the child from the depot, he delivered it into the hands of a woman whom he claims as his wife. She was to keep it until the reward was offered, but fearing detection and arrest, she escaped to Michigan with Conrad. The officers were in close pursuit of Conrad to arrest him for the safe breaking operation, and the pair were obliged to abandon the child in Union City, Michigan.

The county authorities there took charge of the child and sent it to the poorhouse.—The boy was an interesting one, and was supposed to be an orphan. Rev. Mr. and Mrs. Harshberger, the Episcopal minister and lady of that town, took the child from the poorhouse and adopted it as their own. As they were childless they soon learned to love their charge as their own, and the boy learned to love them and regard them as his parents.

A few days ago, detective Perry went to Union City, and informed the foster parents that he was in correspondence with the natural parents of the child. The grief of the new parents was uncontrollable, and when the parents arrived the others would not give the child up until compelled to do so by due course of law. Mrs. Harshberger feared all the time that the child was yet a victim of conspiracy, and on the 17th of this month, accompanied the boy to his old home and there gave him up, when satisfied all was right. The mutual love the mothers entertained for the child, caused a lively love for each other to spring up in their hearts, and when Mrs. Harshberger returned to her home, she was somewhat consoled for the loss of her adopted child with the knowledge that she would always be welcome to his home, and might see him whenever she would.

Gen. Prim lately rejected a portrait he had ordered, because the painter had left out the cocked hat and trimmings.

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.
Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. CARTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

THURSDAY, JULY 8, 1869.

N. C. LAND COMPANY.

We have taken some pains, recently, to obtain information in regard to the manner and range of the operations of the North Carolina Land Company, and we acknowledge to considerable surprise at learning the extent to which the Company have extended their operations and the methodical plans the officers have inaugurated for carrying out the objects of the associa ion.—We are candidly of opinion that no other instrumentality is doing so much at this time, to develope the material resources of the State and to advance her industrial interests; and for the great good this association is doing in this respect, we think it is entitled to, and ought to receive, the hearty co-operation of the press and people of the State.

The Company has over two hundred local agencies, scattered throughout the Northern States, and with these agents are deposited information in detail of the agricultural and mineral resources, climatic features, water power, &c., &c., of the State. With these agents are deposited, also, the necessary descriptions of farms, lands, and other property placed in the hands of the Company for sale, and advertisements of the same are inserted in the leading North ern journals, where almost alone purchasers may be expected to be found. In addition to this extensive system of advertising, they send out to their local agents, for distribution, hundreds of thousands of advertising circulars, containing more extensive and minute descriptions of the property they offer for sale, than could be given in the newspaper advertisements. Thus it will be seen that any one having lands, mines, or water-power to dispose of, by putting it in the hands of this Company, has the assurance of having the same more extensively advertised and brought more prominently before those sections from which buyers may be looked for, than by any other way, with the same expenditure of money.

This Company has, also, through the efforts of one of its officers, effected arrangements with most of the Railroads of the country, by which those who may wish to come to our State to look out for locations, can travel at greatly reduced fare. Many have already availed themselves of this arrangement, and doubtless, very large numbers will do so during the approaching autumn, after the harvestings are over and the crops housed.

In addition to the various other means of spreading information throughout the North, in regard to the resources of our State, the Company has published a Directory, containing description of soils, adaptation of soil and climate to the various agricultural productions, facilities for pasturage, coal and mineral lands, water power, and the hygienic features of the State, for general distribution throughout the country. These Directories contain letters from prominent citizens of the State, embodying many facts that immigrants would naturally wish to know before coming among us, and are calculated to do away erroneous impressions that have obtained currency at the North in regard to the safety of Northern men settling here.

We have heard the remark made in regard to this Company, that "it is a money making concern." We pity the diminutive, prejudiced heart that has room for only such ideas. We admit that those associated in the enterprise expect to reap a reasonable reward for their labors; but, let it be remembered, the more they benefit themselves, the more the State and the people will be benefitted. We need more *reliable* labor, and more capital in the State; we must look for these outside—from the North and from foreign countries. In order to obtain them we must let the outside world know the superior advantages we can offer. This knowledge is being spread through the agency of the North Carolina Land Company, and hence, as we have already said, we believe this Company is doing more at this time to advance the material interests of the State than any other one agency in existence.

ANOTHER INJUNCTION.—The Governor having sued out an injunction against Col. C. B. Harris, Superintendent of Public Works, to estop him from interfering in his appointment of Railroad proxies, and thus silenced, *ad interim*, the voice of Cebe in the Stockholders' meetings that are being held for the different Roads, Cebe, feeling that that is a game that two can play at, sued out an injunction before Judge Logan, on Tuesday, *against the Governor*, to estop that functionary from interfering with Him in His proxy appointments, or rather, in being proxy, himself, *ex officio*. And so the matter stands. The Stockholders' meeting takes place in Salisbury to-day, and the Governor having injoined Cebe, and Cebe having injoined the Governor, the chance for the State's interst being represented is slim, unless one party or the other chooses to disregard the injunction.

The yield of wheat is enormous in Wilson county, Tenn.

ELECTION IN VIRGINIA.

From what we can glean from our Virginia exchanges it is generally conceded that Walker has carried the State by a majority ranging from 30,000 to 40,000. According to the present indications the Conservatives will have a majority of about 60 on joint ballot in the Legislature. It seems that the Radicals were only successful in electing three Congressmen, to-wit: Platte, Porter and Norton, (negro.) The The Conservatives secured a splendid triumph in carrying the District of Richmond and Henrico, and, in fact, many Districts and towns that have all along been conceded to Wells, have rolled up handsome majorities for the Walker ticket.

The expurgated Constitution has been overwhelmingly adopted, and the odious clauses, together with the infamous supporters of them, have been buried forever beneath merited oblivion. In nearly all of the country districts, heard from, a large colored vote was polled for the Walker ticket, and in very few instances did the negroes poll their registered strength. Norfolk and Portsmouth both went Conservative, electing their local tickets; in fact, the news from all parts of the State point to an unbroken series of triumphs. Several colored Walker men have been elected to the Legislature.

Most heartily do we congratulate the people of our sister State upon the successful issue of their efforts to throw off the incubus of Radical and carpet-bag corruption and villainy—and trust that the noble old North State at the next election, will successfully emulate their noble example.

To the press of the State, the people of Virginia, owe a debt of gratitude for the faithful, gallant and patriotic manner in which it advocated, the cause of justice and truth.

THE WEATHER.—We haven't said a word about the weather in three weeks, and therefore feel justified in remarking that, since Monday last, it has been pleasantly cool, that is for this time o' year. Some attribute the change to the heavy dark cloud that cast its shadow over the city on that day.

From the Eastern Intelligencer.

BENCH AND BAR.

It would be difficult to conceive of a more delicate and critical relation, than that which exists between these two great branches of the law. It is a ligature of the highest honor and courtesy. The judge is not simply the accomplished lawyer, raised, by the force of his legal talents and learning, to the loftiest places of official responsibility and trust, but he is the professional exponent of the purest principles and the noblest maxims which the uninspired scholarship of the ages has embodied. We can easily forget the unprincipled Judge, who permitted himself to be made the reckless tool of James the Second, and the slayer of the wayward Monmouth, when we have the illustrious record of such men as Sir Matthew Hale, Chief Justice Marshall, and others.

And on the other hand, the attitude of the Bar, not the mere idle assumption of vanity and affectation, nor the fawning sycophancy of professional slavery and dependence, is no less honorable and important. A practising lawyer is compelled, by the very ethics of the noble brotherhood to which he belongs, and the very life of the interests which he serves, to regard with deference and respect the occupant of the Bench. In England, the dignity and majesty of this relationship have been preserved side by side with the growth of their government and political institutions. And through all their storms of revolution, and their baptisms of civil strife, the men of English history have made it their first work, to maintain untarnished the integrity of their jurisprudence.

An occurrence like the recent conflict between the Supreme Court and the Bar of this State, could not have taken place under any political formula but a Democracy; and not even under that, unless in times of irresponsible partisanism and licentious liberty of will. And now, say what we will of the result, the glory hath departed, and the temple hath received its stain. It is in vain for the Judges to deprecate the popular verdict, when their political letters and living witnesses of their political speeches are testifying against them. And it is in vain for the practising lawyers, to try to separate between individual Judges and the Supreme Court in session, when the very same character that a Judge possesses out of Court he necessarily carries into Court. The mischief has been done and a stigma affixed to a noble profession, which will cling to it through generations.

And now, let us stop right here a single moment, and think. Would it not be better for us, for our children, for every interest of this country, to give up this spirit of recrimination, of bitterness, of strife, and to devote ourselves, from the highest political, civil and ecclesiastical officer down to the humblest citizen, to the work of patience, of charity, of unity, and of progress. This censorious, inquisitorial violence must be abandoned sooner or later, or we are preparing terrible days for our children. There is nothing of God, of the Christian religion, or of hope, in the conflict of angry souls. It there are bad men in power, they will just as certainly be worked out, if we do our duty, by the logic of Providence in history, as that the flowers of summer succeed the snows of winter. And we must feel after God, and wait patiently for him.

THE DISTILLERS OF FRUIT.—Having been questioned a few days since as to the law upon the distillery of fruits, we clip the following from a State exchange of a few days since:

The statement that spirits distilled from apples, peaches, or grapes are exempt from taxation under the laws of Congress, is without any foundation. The old law fixed the tax upon brandy distilled from these products at $1.50 per gallon, at which time the tax upon whiskey stood at $2.—When the tax upon the latter articles was reduced to fifty cents that upon brandy was reduced to the same amount but under the decision of the Attorney General persons engaged in distilling wine or brandy from grapes, apples, and peaches, were exempt from the special tax of $400 imposed upon other distillers, and required to pay a special tax of $50 only.

Says the Savannah (Ga.) *Republican*: "We learn that a few days since a white man, a fisherman, residing on the Ogeechee canal, some ten or twelve miles from the city, sold his wife to another fisherman (white) for sixty bunches of fish, valued at fifty cents per bunch. The wife was perfectly satisfied with the sale, and is now living with her purchaser. For the information of Messrs. Forney and Greeley, we will state that all the parties to this transaction are said to be trooly loil voters of the Radical ticket."

To the Voters of Gates County, Without Respect to Party or Color.

GATESVILLE, GATES CO., N. C., June 30th 1869.

I feel called upon by a sense of duty arising from the position to which your suffrages have raised me, to direct your attention to the *vast importance* of an election now advertised to take place on the first Thursday in August next, for a Township Board of Trustees, and a School Committee of three persons, for each Township in the county.

A thorough and radical change in the administration of county affairs has been effected by the late political revolution; our old systems have been laid aside, and new plans, better suited, it is to be hoped, to our altered relations, and more calculated to meet the exigencies of our country in the struggle to rally from the blight and ruin of the war. At any rates, it is now beyond the power of any individual, or of any party, to stay the progress of new ideas, or to return to the old land marks—for however much we may differ as to the legitimacy of the expression it is yet true that an expression has fallen from the people, as now constituted, indicating their will, and whose fiat, until another revolution at least, is more peremptory than the ukase of the Russian autocrat—wherefore it becomes every good citizen, who values the safety and comfort of his family, and the peace and prosperity of his country, to accept a situation which he finds to be inevitable, and to bend his own energy, as well as to stimulate that of his neighbor, towards one end, the improvement of the good we still have—the amelioration of the evil, and the prevention, so far as human prudence can avail, of unnecessary misfortunes in the future. Until the Red Sea was passed, true wisdom urged the children of Israel to make the best brick they could, whether Pharaoh furnished straw, or they hunted for stubble in the fields. This end can be most easily accomplished by the careful selection of our most competent and reliable men to fill the offices created under the new system, and to usher in that system. It is not wise, because an office happens to be of low degree, to regard it as unimportant. It is in the "small affairs" of life we make our greatest mistakes. The lowest officers are brought in most immediate contact with the people, they are the company officers of the political army, upon whose humble shoulders rest our strongest hopes for success, at whose hands the greatest good *may be* accomplished, or whose corruption, villainy and petty tyranny may drive our people mad, and rob our families of many a longed-for comfort.

I have said the coming election is of vast importance. I can but prove this by reciting some of the duties which will devolve upon the officers then to be elected.

The Township Board of Trustees, besides discharging the ordinary functions of a Justice of the Peace, have power "to lay off, alter, repair or (even) discontinue high ways"—"to build and keep up bridges"—"to lay off cartways,"—to appoint overseers of the Road"—"to assess property for taxation"—"and to levy and collect taxes" on that property for Township purposes &c. &c.

I must believe that the most thoughtless voter in the country will agree with me when I declare these duties to be *most important*, and deeply affecting the material interests of our people—so much so in fact, that if we are wise, we will lay aside every prejudice, and make conscience the grand and only requisite. Party will vie with party, not in the nomination of partizans, but in the selection of the best men we have to fill places of so great trust.

In addition to the Trustees, are to be elected a School Committee of three in each Township, vested with powers, very ample, and of no ordinary character. They are by legislative enactment made a "body politic and corporate" with power to sue and be sued—they have the "care and custody of school houses" and may even sell them—they are to "select and purchase sites" for school houses, with power at any time to move the same; they can suspend scholars from school privileges; "employ and dismiss teachers, attendants, mechanics and laborers" as well as fix their pay; it is their duty to furnish school furniture, books, apparatus and other articles and to keep the same in repair. These, *inter alia non dicenda*, are the duties of the SchoolCommittee men, and Township Trustees—now can any but good men—the best and most reliable we have—discharge such duties in a manner which will prove satisfactory to the people, and conduce to the general advantage of our country? To do this was the aim of the Legislature in creating these offices. Should we defeat that end by the selection of unworthy administrative officers?

In view of these facts, and that we may not fail to secure the most favorable circumstances under which to inaugurate the new *regime*, I most earnestly recommend to the voters of the different Townships to meet together in deliberative Conventions, at some convenient time before the election, and, laying aside every feeling of a partizan character, to bring forward as candidates for the different offices to be filled, men who will make faithful incumbents, and who can be trusted.

In conclusion, I repeat, let no man imagine himself unconcerned in this election, it will affect interests which will immediately reach the most obscure as well as the most exalted citizen. It is a duty, falling upon every man, to vote and to vote intelligently.

JOHN GATLING,
Representative.

GRANT'S POSTMASTER.—Through private sources, we learned yesterday that the examination of H. M. Turner and the two negro women who have been arrested recently for passing bogus money, is still progressing before United States Commissioner Smith, in Atlanta. The proceedings are kept secret, for what reason we don't know, but we are informed that Turner confessed his guilt, but implicates a man in Washington city as being the head of the affair. Efforts have also been made to induce Lieut. Murphy to proceed to Washington to arrest this party, but he has refused to go until he sees what disposition will be made of Turner and his associates. The extraordinary secrecy with which the United States officials at Atlanta are conducting what should be a public examination, seems a little ominous, and, we are afraid that some scheme is on foot by which Turner will be enabled to escape from the punishment he should receive, if he be guilty of the crime with which he is charged. It would certainly be a bitter mortification to President Grant if this negro Turner, whom he appointed to office in the face of such strong opposition for no other cause than that he was a negro, and a desire to humiliate the people of Georgia, should be convicted of a felony as soon after his installation in office, and United States officers, as a general thing, are not very anxious to do anything which would, perhaps, offend the head of the Government. We await further developments to see if our suspicions will be confirmed.—*Chronicle & Sentinel.*

The library of Mr. Corner, soon to be sold, includes several rarities. Among them is Washington's bible, an autograph letter of Washington's mother, of which only two are known to exist, a work of Lord Baltimore, of which only ten copies were printed, a challenge sent by Andrew Jackson, etc., etc.

STATE NEWS.

NEW APPOINTEES.—The Directors of the A. & N. C. Railroad, met in this city, yesterday, and made the following appointments:

Secretary and Treasurer—T. M. Cowles, *vice* Thos. Powers, resigned.

General Ticket Agent—J. A. Saydam, *Jr.*, *vice* W. G. Hall, resigned.

Road Master—Blake Howell.

Master Machinist—J. V. Wilson, *vice* A. J. Clayton, Esq.

Agents—Goldsboro, Samuel L. Dill, *vice* J. B. Cox; Mosely Hall, A. E Best; Kinston, A. O. Wadsworth; Newbern, A. H. Foster; Morehead City, D. J. Ramsey.—*Newbern Journal of Commerce.*

FESTIVAL.—The ladies connected with the M. E. Church, in Newbern, gave a festival on Monday night, by which they realized about $300.

A WATERMELON.—We acknowledge the receipt of a fine Watermelon, sent us by the enterprising proprietor of the Boyden House, Col. C. S. Brown.—*Salisbury Examiner.*

APPOINTED CORONER.—Yesterday Dr. S. S. Satchwell was, by the Clerk of the Superior Court, appointed Coroner to hold an inquest over the body of a colored man, recently drowned at Long Creek.—*Wilmington Journal.*

ROW.—We learn, from the Wilmington *Star*, that a row between the whites and blacks occured at Lumberton, Saturday last, the day chosen for the celebration of the "Fourth." It was a mixed up affair. About twenty five of the law breakers were committed to jail. No one seriously wounded. Rocks were the weapons used.

KILLED BY LIGHTNING.—Leonidas B. Lamb, a bright and promising boy, aged 13 years, was stricken by lightning and instantly killed, at Myrtle Grove Sound, below Wilmington, on Saturday last.

RESIGNATION OF SHERIFFS.—The Roanoke *News* states that some of the Sheriffs in that section of the State, speak of resigning because of the almost utter impossibility of complying with the requirements of existing laws in regard to the collection of taxes.

A CORRESPONDENT of the Wilmington *Star*, writing from Red Banks, Robeson County, says, a few nights since an incendiary fired the fence inclosing the plantation of Mr. Ed. Wilkinson, in that section, and in a short while the flames were perceptible for some distance. The wretch attempted to burn the dwelling but was frightened off.

On the next day, the citizens at and near Red Banks were occupied during several hours in "fighting" the fiery elements, in order to save adjacent plantations that were threatened by the rapidly spread ng blaze. Fortunately, no serious damage resulted.

EXAMINATION OF THE RALEIGH ROAD.—The Examining Committee of the Raleigh & Gaston Railroad, Gen. Barringer and Messrs. A. M. McPheeters and Thos. Brown Venable, accompanied by some dozen other officials of the road, made an examining tour of the road on Monday last. We understand that they expressed pleasure at the condition in which they found the road and its affairs.

Two large iron side-wheel steamers will soon be completed, one at Boston and the other at Wilmington, Deleware, belonging to the New York and North Carolina Steamship Company. They will carry in bulk 2,500 bales of cotton, with a draft of ten feet of water, and will make the trip between New York and Wilmington in fifty hours. They will prove an invaluable addition to the importance and business of Wilmington, and to the whole of Eastern Carolina.

COUNTERFEIT MONEY MIXED UP WITH A NEGRO POSTMASTER.

ATLANTA, GA., July 5.—Several days since Captain Murphy, special detective, arrested two women who had in their possession a portion of a large sum of currency stolen from the Treasury Department at Washington. Forged signatures were signed to the Treasury notes, and a large amount was passed in Augusta. These women implicated H. M. Turner, the recently appointed negro postmaster at Macon. Turner was arrested yesterday by the United States Marshal, and brought to Atlanta.—An investigation is now going on, but efforts are being made to keep it secret. Further developments are looked for to-morrow.

NEW ADVERTISEMENTS:—

Douglas Bell,
Offers to sell,
Herrings in Barrels and herrings in kegs:
Flour, Coffee and Soaps,
And he ardently hopes,
You'll try his molasses that is clear of dregs.

Upchurch & Dodd
Has five thousand and odd
Pounds of first rate Western lard,
And a lot of black peas,
That he warrants to please,
And starch, white, clear and hard.

Then read the proxy 3 per cent notice of W. W. Vass, Treasurer of the R. & G. Railroad, if you have stock in that corporation.

ON DIT.—That Maj. Willie D. Jones has received the appointment of Assessor for this Revenue District, in place of Solomon Pool, resigned, and that he has accepted the appointment and will resign his seat in the State Senate.

If you wish to buy delicious cakes go to Bradley & Christophers' Confectionery, and you will find them.

TOWNSHIP ELECTIONS.—We insert to-day the circular of John Gatling, Esq., of Gates, to his constituents; because it contains many valuable hints applicable to every county and township in the State.—We commend it to the perusal and consideration of our readers.

HALF FARE.—Dr. Hawkins, President of the Raleigh & Gaston Railrod, has kindly consented to pass delegates to the Conservative Democratic Convention, next Monday, to and from Franklinton, for one fare only. Return tickets must be obtained of the Agent at Raleigh.

GONE TO SALISBURY.—Gov. Holden, with Dewecse and Laflin, went to Salisbury a day or two ago, to be present at the N. C. R. R. Stockholders' meeting, which comes off to day. The Governor, we suppose, intends to take Cube in hand, himself, should he attempt to cut up any of his *didoes*, as he did at Beaufort, by interfering with his proxy appointments.

A CITIZEN GONE.—We learn that our townsman, Mr. J. V. Wilson, an ingenious Mechanic and excellent man, has been elected Superintendent of the Shops of the A. & N. C. Railroad, and has left to day for his new home. We wish him much success in his new position.

FINE POTATOES.—Dr. L. S. Perry has exhibited to us a sample of Irish potatoes, of the Early Dikeman and Monitor species, raised in his garden in this City. They are of very fine size, and the Doctor informs us that they are of good flavor, possessing that superior quality of being very *mealy* when cooked.

Irish potatoes are destined to become a prominent article in our food crops, and we think our farmers and gardeners would do well to give attention to the selection of such species as are adapted to our climate, especially in regard to preservation through the winter.

ABSENT.—Hearne, of the Goldsborough *Messenger*, has gone North to avail himself of the benefit of surgical skill to which he has been compelled to resort. He will correspond with his readers through the *Messenger* during his absence.

GONE GLIMMERING.—Sheriff Tim Lee has gone away up to Chicago, to represent, in part, North Carolina, in the great Irish Republican Convention. It is true, we had missed Tim for the last few days, but there had been so much dodging of the "loti" to keep from joining in with the negro celebration of the Fourth, that we thought he had just veiled his glories for a few days, to keep out of it, too; though we don't believe he would have gone in, if he had been here. We presume Tim will see and become acquainted with a great many of "thim lyars" while gone.

SUPREME COURT.—The Court met at the usual hour; all the Justices present.

The following cases were argued:

Mary McLaurin, *ex parte*, from New Hanover county. Attorney General and Gov. Bragg, Counsel.

City of Wilmington *vs.* Davis. Gov. Bragg for the Plaintiff, Messrs. Rogers and Batchelor for the Defendant.

McAdoo *vs.* Benbow, from Guilford county. Phillips for the Plaintiff, Battle for the Defendant.

RALEIGH CEMETERY ASSOCIATION.

A meeting of the shareholders of the Raleigh Cemetery Association was held, according to notice, at the office of W. H. Jones & Co., on Wednesday, July 7th, 1869, at 5½ o'clock, P. M.

On motion, Kemp P. Battle, Esq., was called to the chair and Rev. J. Brinton Smith appointed Secretary.

It being ascertained that a majority of the shares of stock was represented in person or by proxy, the meeting proceeded to business.

A certified copy of the charter, granted by the last General Assembly, was read by the Secretary and, on motion was unanimously accepted.

On motion, *Resolved*, That the management of the business of the Association be entrusted to a Board of seven Directors, who shall choose a President from their own body, and who shall continue in office for one year, or until their successors are chosen.

The first Thursday in July was appointed for the annual meeting.

On motion, the Board of Directors were empowered to purchase from twenty-five to forty acres of land, suitable for a Cemetery near the City of Raleigh.

They were also empowered to call in the subscriptions on the shares of stock in such instalments as they may deem best; to enclose the land they may purchase, to have it laid out in a suitable manner and to determine the price of lots.

They were also empowered to appoint an Executive Committee and such agents as they may deem necessary.

On motion,

Resolved, That the Board of Directors be requested to prepare by-laws for the Association and report to the next meeting of the Shareholders.

Resolved, That the subscription list be left open until it shall reach $6,000, and that the Secretary be requested to call the attention of our citizens to it, and to secure additional subscriptions.

The Secretary was instructed to procure the by-laws of some of the most prominent cemeteries North and South and such other documents as may aid the Board of Directors in their work.

The following gentlemen were elected Directors, for the ensuing year: Kemp P. Battle, G. W. Mordecai, Chas. Dewey, P. F. Pescud, W. H. Crow, T. H. Briggs, and W. R. Cox.

Wm. E. Anderson, Treasurer. J. Brinton Smith, Secretary.

The President was authorized to call a meeting of the Shareholders, when the Board of Directors shall have completed the plan of the cemetery and determined the price of lots.

On motion adjourned.

PERSONAL.—We learn that the Hon. F. A. Rollins, late Commissioner of Internal Revenue, is now acting as President of the National Life Insurance Company of the United States of America, at the Campany's Branch Office, in Philadelphia, during the temporary absence in Europe, of the President, C. H. Clark, Esq. Mr. Rollins has been an active member of the Board of Directors of this Company since its organization, and in giving to its interest the benefit of his personal co-operation, and the advantages of his enlarged experience and extensive acquaintance, we confidently look for a renewed impetus to be given to the already unprecedented progress of this great National Institution.

See advertisement of P. F. Pescud, General Agent.

STATE FAIR.

The Executive Committee of the North Carolina Agricultural Society take great pleasure in announcing to the people of the State that a Fair will be held in the city of Raleigh, on the 19th, 20th, 21st, and 22d days of October next.

The grounds, which are being enclosed, will be increased in area and made to afford accommodation for an enlarged number of visitors and a greater display of stock, goods, &c., and the track for the trial of speed will be extended to half a mile in length and will be put in thorough order.

It is expected that the customary arrangements for transporting stock, &c., to and from the Fair, and for passengers, will be made with the various Railroads of the State.

The Committee will publish at an early day a list of premiums, which will embrace every department of agricultural, horticultural and the mechanic and domestic arts.

The Committee address themselves to all classes of citizens, whatever their pursuits, and earnestly invite their co operation to make the coming Fair an undoubted success. Planters, farmers, gardeners, nurserymen, miners, manufacturers, mechanics, professional men, in a word, all who are interested in reviving and sustaining the State Fair, and all should do what they can by sending articles for exhibition and by their personal presence to encourage the officers of the Agricultural Society in their efforts to promote through it the industrial interests of the State.

The purpose of the Committee in making this announcement is that our citizens, having before them at this early day, the fact that a Fair will be held, and, knowing the exact time, may prepare for it by arranging their business engagements so as to be present, and by getting ready for exhibition such things as they may desire to enter for competition.

KEMP P. BATTLE,
President.

Raleigh, July 6, 1869.

All papers of the State are respectfully requested to copy.

THE GETTYSBURG FIASCO.—The *Times* is half disgusted with some things that were said and done yesterday at Gettysburg.—The oration of the Indiana Senator, Morton, is pronounced a "great disappointment." A great deal was expected from the man on such an imposing occasion, but says the editor):

"Instead of this, we have got something that we can only accept under the belief that hard work and heavy responsibilities resting upon him, have left him without time or opportunity to apply his powers or his knowledge to his theme."—*N. Y. Express.*

TELEGRAPHIC.

LAST NIGHT'S DISPATCHES.

WASHINGTON.

WASHINGTON July 7. The Government expenditures for June were miscellaneous nearly four millions; war five and a quarter millions; navy over two and a half millions; interior two millions.

The Secretary of the Treasury has directed the Assistant Treasurer at New York to purchase three millions United states bonds on Friday, to be held subject to the future action of Congress.

Special Revenue Agent Kinsella has arrived and is busy completing his report. It is understood the report will seriously implicate the high standing of parties in New Orleans and former Custom House officers. Neither Kellogg nor Stockdale is implicated. Kinsella's investigation did not extend to their terms.

The currency balance in the Treasury has been reduced six millions since the 1st of July by the withdrawal for the purchase of bonds, and two and a half millions to-day for the use of the army.

Turner, the negro Postmaster at Macon, telegraphs the Department that he has taken possession of the Postoffice, but that all the white clerks have left. He asks instructions. There is some mystery here about Turner's bonds. They are not recorded on the Postoffice books devoted to that purpose.

FROM VIRGINIA.

RICHMOND, July 7.—The State, according to the latest returns to-night, has gone by nearly 40,000 for Walker, and there is a Walker majority of 50 on joint ballot in the Legislature. The Walker people elect all the Congressmen except three who are, Platte, Porter and Norton, colored. This complete disaster to the Wells ticket results from the unreliability of the negro vote, which, in the country districts, has gone largely for Walker; and second, because of the failure of their calculations in some of the counties bordering on Tennessee and North Carolina where the white votes for that ticket were chiefly expected. In that quarter, Counties that were expected to give him five hundred majority went against him by a thousand. The Walker State Executive Committee telegraphed President Grant this morning congratulating him on the triumph of his policy in Virginia, and thanking him for his liberality. Several Walker colored men have been elected to the Legislature.

WILMINGTON.

FROM MISSOURI.

ST. LOUIS July 7.—Dispatches from Salt Lake, Omaha and other points report the Indians turbulent.

FOREIGN.

LONDON, July 7.—The *Daily News* says, editorially, the Irish Church bill will leave the House of Lords with a very different character from that with which it entered and much less acceptable to the country. It is impossible for the House of Commons to accept the amendments made by the Peers, and it will be their duty to restore the bill to its original form. The Lords have done their best to spoil the measures they prudently abstained from rejecting, and the Commons must transform the deformed bill.

MONTREAL July 7.—Letters received here from Jefferson Davis, now at Paris, render it doubtful if his health will ever permit his return. If he recovers sufficiently to travel, he will spend the summer in Canada and the winter in Mississippi.

PARIS, July 7.—The *Patrie* denies that ministerial changes are imminent.

La France denies the contemplated evacuation of Rome by the French.

BADEN, July 7.—Dispatches from the 'Great Eastern" state that she weathered a heavy gale on Monday. All well. Signals good. Fifteen hundred and twenty-four knots out.

MADRID July 7.—The ministerial crisis is over. Zorilla is appointed minister of justice; Martos minister of public works, Bizarro, minister of colonies.

MARKETS.

WILMINGTON, July 7.—Spirits Turpentine 39; Rosin steady, Tar steady at $2 25.

NEW YORK, July 7.—Cotton rather weak, sales 2 9 0 bales at 34½; Flour heavy, declined 5 to 10. Wheat dull; Corn unchanged; Pork 31½. Lard dull; Rice quiet; Carolina 8 a 8½. Other Groceries dull; Naval Stores quiet.

Governments strong. 62's, 21½. Southerns quiet. Money stringent up to 3, when reports of further Government purchases of bonds eased the market, which closed at 7; Currency exchange buoyant at 9¼ to 10; Gold excited, closing at 35¼; Stocks active, feverish.

AFTERNOON DISPATCHES.

FROM WASHINGTON.

WASHINGTON, July 8.—The *Chronicle* in a bitter article on the elections in Virginia, says: "But all is not lost in Virginia; Congress holds the citadel, the rebel democrats may boast that they have elected their candidates but there is an ultimate remedy."

There are indications of cross purposes between the administration and Bontwell, since the Virginia elections.

Commodore Poore succeeds Hoff in command of the West Indian squadron. It is understood that his instructions are to give prompt protection to American citizens and shipping.

FROM OHIO.

COLUMBUS, July 8.—The Democratic Convention nominated Gen. Rosecrans for Governor.

FOREIGN.

PARIS, July 8.—The rumor that Spain requested France to advise the United States to preserve in strict neutrality in regard to Cuba is unfounded.

It is regarded as certain that Rouher, representing the theory of personal government, will give place to Emil Oliver, who represents a parliamentary government.

It is said that the Emperor is willing to abandon arbitrary power and share the burden of government with the country and Legislature.

The Senate will soon assemble when organic changes will be consummated.

FROM RICHMOND.

RICHMOND, Va., July 8.—G. C. Walker arrived at 11 o'clock this morning, from Norfolk. The day was made a holiday for his reception. When the cars arrived there were about 5,000 people congregated at the depot. A Committee, composed about equally of the most prominent white and colored citizens, was at the cars to receive him, but the populace rushed in and, seizing Walker, bore him on their shoulders to a coach ornamented with the National and State flags.

The procession which was nearly a mile long, marched through the principal streets. Many of the coaches of which there were over a hundred in line, were covered with National flags and on the band wagon was a transparency with a painting representing a white and colored man shaking hands. The streets were blocked with people following the procession and at least 20,000 people were out.

On reaching the house of Col J. R. Branch, the Conservative candidate killed by the casualty on Friday last the procession passed in silence and with uncovered heads.

Upon reaching the Hotel, Walker appeared between the National and State flags, held by representatives of the two races, and, after a few minutes of deafening cheers, made a brief speech.

After congratulating the audience on the complete victory achieved, he went on to say that in this moment of triumph they must not forget charity for the defeated; they must remember that the votes cast against the ticket were given by ignorant and deluded men of a race that had not yet had time to be educated, sufficiently, to know the wrong of disfranchising others. We must remember that we have succeeded on the platform of universal suffrage and equal rights, and we must see that those who opposed us have all their rights, and are protected fully by the law, and with the law, and under the law. (Loud and prolonged cheers.)

They must be educated and taught the value of the great boon of franchise that has been conferred upon them and the true value of being a citizen. We must not forget that the opportunity for winning this victory was given us through the liberality of President Grant, (loud and continued cheering) and we must see that its fruits are for the benefit of all. After a jocular allusion to the grief of the present State office holders of the Wells persuasion, the speaker concluded by drawing a cheerful picture of the future prosperity of the State.

Three cheers were given for Grant at the close of the speech.

Walker was followed by Isaac Hunter, colored, and by several white speakers.

The election returns, to-day, continue to be more and more favorable for Walker. The returns, this morning, show that the Walker men will have a majority of 60 on joint ballot in the Legislature.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. A FISH STORY.

A whale of great porosity,
And small specific gravity,
Dived down with great velocity
Beneath the sea's concavity

But soon the weight of water
Squeezed in his fat immensity,
Which varied—as it ought to—
Inversely as his density.

It would have moved to pity
An ogre or a Hessian,
To see poor Spermaceti
Thus suffering compression.

The whale he lay a-roaring
In agonies gigantic:
The lamp-oil out came pouring,
And greased the w. e Atlantic.

(Would we'd been in the navy,
And cruising there. Imagine us
All in a sea of gravy,
With billows oleaginous!)

At length old million pounder,
Low on a bed of coral,
Gave his last dying flounder,
Whereto I pen this moral:

MORAL.

Oh! let this tale dramatic
Assert this whale Norwegian,
And pressure by hydrostatic,
Warn you, my young collegian.

That down compelling forces
Increase as you get deeper;
The lower down your course is
The upward path the steeper.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate of a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and authorized to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or form they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it up in the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for *two dollars* comes in possession of a homestead which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the secretary's office.

We learn from the Raleigh papers, that the exhibitory drawing which took place in the city of Raleigh, on Saturday last, is said off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil Post*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant Banker or other gentleman of standing in the city of Raleigh.
